CSCI 103
Using Recursion to Generate Combinations and with Linked Lists

Mark Redekopp
Linked Lists and Recursion

• Consider a linked list with a head pointer
• If I gave you head->next, isn't that a "head" pointer to the n-1 other items in the list?
Monkey Around

• In-Class exercises
  – Monkey_recurse
  – Monkey_recback
  – List_max
  – Monkey_reverse
